

FIRST ROBOTICS

For the **I**nspiration and **R**ecognition of
Science and **T**echnology

FIRST is a non-profit organization aimed at inspiring the youth of today by pairing them with current professional mentors in the fields of engineering, business, manufacturing and computer science.

The efforts of FIRST engage students and excite them to join the fields of science, technology, engineering and mathematics (STEM). Our students in FIRST robotics are part of the future in manufacturing and engineering.

2017 TEAM AGENDA

- Host FTC STATE CHAMPS & FRC DISTRICT EVENT
- FRC TEAM SIGHTS ST. LOUIS FOR WORLD CHAMPIONSHIP
- FLL, JR. TEAMS IN EVERY LAKEVIEW ELEMENTARY

A NEW WORKFORCE

FRC COMPETITION

Over 3000 teams around the world and more than 400 in Michigan receive a new challenge every January. Teams of students and mentors then have six weeks to design and construct a robot to compete at two district events. Each event consists of 40 teams with advancement opportunities to the State and National levels. Funding obtained through sponsors helps to support the team by paying for registration fees and the various parts used to develop the competition robots.

Funds provided by sponsors are an investment in a well prepared and excited workforce. The students involved in today's team become tomorrow's top engineers, machinists and inspirational leaders. Our graduated students moved on to universities such as the University of Michigan, Michigan State University, Michigan Technological University and the Massachusetts Institute of Technology.

SPONSOR BENEFITS

To show appreciation for your generous support, sponsor logos and information about your business are shared through our various media outlets. Premier level sponsors will be featured on shirts, banners, websites, T-Shirts and newsletters for all robotics teams at Lakeview School District as well as on banners at the FTC State Championship.

YOUR NAME OR LOGO ON OUR...	PREMIER	GOLD	SILVER	FRIEND
